

CITY OF HAYFIELD

CONTRACTOR REGISTRATION

Our partners at SAFEbuilt Company have launched online permitting to expedite the plan review and building permit process. All Contractors must complete a Contractor Registration form and submit to infoMN@safebuilt.com .

Once you are added to the system you will receive an email from Community Core-Account Setup. Click on the link in the email to finish setting up your account. (Please note that the link expires after 5 days and sometimes these emails end up in your junk folder)
